

INTERNATIONAL STUDENT PROGRAM

APPLICATION GUIDE

(ADDITIONAL ANNOUNCEMENT)

Application Conditions

The application and evaluation procedures for international candidates seeking admission to the associate and undergraduate degree programs of Karamanoğlu Mehmetbey University shall be carried out in accordance with the “[Principles Regarding the Admission of Students from Abroad](#)” determined and published by the Council of Higher Education (<https://egitim.yok.gov.tr/tr/page/594>), the relevant legislation, and the “Application and Registration Guide” to be announced by our University, according to the schedule specified below.

Application Procedures for Quotas Announced under the Additional Announcement

The general principles governing applications, application requirements, and quota determination procedures are carried out within the framework of the “Principles Regarding the Admission of Students from Abroad” published by the Council of Higher Education and the relevant legislation. Applications are evaluated on the basis of the candidate’s secondary education achievement score (diploma grade) and, if available, TR-YÖS score obtained within the last two years.

Applications to our University will be submitted online (https://obs.kmu.edu.tr/oibs/foa_app/). Applications submitted in person or by mail will not be considered. For electronically submitted applications, all information entered into the system must be complete and accurate.

If it is determined that an application contains incomplete or incorrect information, the candidate’s application will be deemed invalid. All announcements concerning applications, examinations, placement, and registration will be published on the webpage of the International Student Coordination Office (<https://kmue.edu.tr/yos/en>). All candidates are responsible for following these announcements.

Additional Announcement Quotas

The Additional Announcement quotas for the departments/programs of our University, as determined within the framework of the relevant legislation for quotas that remained vacant following the initial placement for the 2026–2027 Academic Year, are listed below. In addition, during the evaluation of preferences, the Commission may transfer quotas among the available quotas within the relevant faculties / schools / vocational schools, except for teacher education programs.

Preference, Evaluation, and Placement Procedures

In order for a candidate's application to the announced programs to be valid and for the candidate to be eligible for placement, a minimum score of 50 must be obtained. For this purpose, the candidate's secondary education achievement status (diploma grade) and, if available, TR-YÖS score are taken into account. If the candidate does not have a TR-YÖS score, the specified portion of the diploma grade is taken as the basis.

In calculating the placement score, 75% of the candidate's secondary education achievement score (diploma grade) obtained abroad and, if available, 25% of the TR-YÖS score are taken into consideration. For candidates applying solely on the basis of their secondary education achievement score obtained abroad, 75% of the secondary education achievement score (diploma grade) is taken into account.

Placement is made for the number of candidates corresponding to the available quota, starting with the candidate with the highest score and taking the candidates' program preference order into account.

Candidates' secondary education grade averages obtained abroad are evaluated by taking into account the grading system of the country from which they graduated. Using the conversion table determined by the University, the converted grade is included in the placement score.

INTERNATIONAL STUDENT PROGRAM

APPLICATION GUIDE

(ADDITIONAL ANNOUNCEMENT)

Candidates may make a maximum of 3 program preferences on the dates specified in the calendar included in the KMU Application and Registration Guide.

Preferences cannot be made outside the periods specified in the calendar.

Applications submitted are evaluated by the Commission. Applications of candidates found not to meet the application requirements will not be considered.

In determining the candidates who are entitled to final registration in a program, priority will be given among candidates who have chosen the same program to the candidate with the higher placement score. In the event of a tie, the right to register will be given to the candidate who has listed the program higher in their preference order. If the tie persists, priority will be given to the candidate whose date of birth is closer to the present day (i.e., the younger candidate).

Following the evaluation and placement procedures, the list of candidates who have obtained the right to register will be announced at <https://kmu.edu.tr/yos/tr>.

The results will also be viewable by candidates through the application system, and acceptance letters will be sent to candidates placed in a program via the email address they provided in the system.

Registration

For registration, the candidate must personally apply to the KMU Directorate of Student Affairs on the specified dates or submit the application through their legal representative.

Obtaining a Foreign National Identity Number (YKN) from the authorities of the Republic of Türkiye is required for registration. Candidates will be registered upon personally presenting the original passport and the identity card issued in their country of citizenship to the Directorate of Student Affairs for the issuance of the YKN.

In case any documents are missing (except for the original passport and the identity card issued in the candidate's country of citizenship), temporary registration may be carried out provided that the student signs an undertaking to submit the missing documents by the specified date. Candidates who do not register on the specified dates will be deemed to have waived their right to register. The following documents are required for final registration:

1) For Turkish citizens or Blue Card holders who completed their secondary education outside the Republic of Türkiye, an equivalence certificate obtained from the provincial directorates of national education within Türkiye or from educational counselors/attachés abroad,

KMU 2026–2027 Academic Year Student Contributions and Tuition Fees

Turkish Proficiency and Preparatory Education

Students who are unsuccessful in, or do not take, the Turkish Proficiency and Level Determination Examination administered by our University are required to receive Turkish preparatory education at KMU TÖMER.

The course fees for Turkish preparatory education are determined and announced by KMU TÖMER. Turkish proficiency and preparatory education are conducted according to the following principles:

- 1) Students who complete final registration must submit a Turkish Proficiency Certificate. Certificates issued by the Yunus Emre Institute, TÖMER Course Achievement Certificates, or documents showing the results of the Proficiency and Level Determination Examination administered by our University are accepted as Turkish Proficiency Certificates. Yunus Emre Institute or TÖMER certificates must have been obtained within the last two years as of the date of university registration. The validity of these documents is determined by TÖMER.
- 2) Students who cannot submit a Turkish Proficiency Certificate must take the Proficiency and Level Determination Examination administered by KMU TÖMER. The equivalence table (Table-1) prepared by KMU TÖMER shall be used as the basis for evaluation.
- 3) Students who cannot submit a Proficiency Certificate, are unsuccessful in the Proficiency and Level Determination Examination, or do not take the examination must receive Turkish preparatory education at KMU TÖMER. The duration of Turkish preparatory education is one year. Students who are unsuccessful at the end of this period are granted an additional one-year extension, which is counted as part of the period of study. The maximum duration of Turkish preparatory education is two years. If students fail the Turkish preparatory education due to absenteeism, their registrations will be canceled.
- 4) Those who wish, for various reasons, to receive Turkish preparatory education at a TÖMER affiliated with another state university must submit proof of their registration and placement within 30 days after leaving TÖMER. For students who submit these documents, their registration is considered frozen for one year. These students must submit their Turkish Proficiency Certificate to KMU TÖMER by the end of working hours on the last working day of July. Otherwise, their registration will be canceled.
